

Building a Future Campaign

About The Mimi Center of Hope

Longtime supporters of Voices for Children of Broward County (Voices), Donna and Jim have provided the lead naming gift for the organization's 2022 Hearts of Hope: Building a Future. The new center and the collaborative, community-oriented work that goes on within it will allow for expanding and streamlining of programs as well as serving as an anchor for foster care children for years to come.

The Mimi Center of Hope was named by Donna and Jim Inglis to bring hope to the many children Voices serves. The word "Mimi" often conveys the feelings of love, nurture, and comfort, it serves as the perfect name for the work and impact Voices does for so many foster care children in the community.

Donna and Jim have long history of significant philanthropic support to local, state, national, and international charities. Donna and Jim have been instrumental to Voices since its inception in 2011 and believed so much in the mission that they became the Founding Voice supporter for the organization. Donna serves as a key member of the board of directors and has been a volunteer Guardian ad Litem for over 15 years. Jim has been instrumental in the design and implementation of The Mimi Center of Hope. They make supporting vulnerable youth a priority in their lives to ensure that the organizations they support are successful in fulfilling their missions. Donna and Jim personify leadership giving.

The Mimi Center of Hope will allow Voices to expand physical capacity to increase services and support programs for foster care children, create a space for growing partnerships and collaborations to provide higher quality programs and services for foster care children, and update technology needs to better serve more complex cases, improve data collection, provide quality assurance, and demonstrate the impact we have on our community's most vulnerable youth.
