Our Story

Voices for Children of Broward County ("Voices") serves as the primary non-profit partner to the 17th Circuit Guardian ad Litem Program. Voices works to ensure that every child victim of abuse, neglect, and abandonment in Broward County has a court-appointed volunteer Guardian ad Litem and that services are available for each child's accompanying health, educational, and social needs.

The Project

Our team has done amazing work in small, temporary sites, but we have now outgrown our current space. Thankfully, we have found and leased a new location. This new space allows for us to streamline our services and programs as well as serving as an anchor for foster care children for years to come.

Your Impact

Your support helps close a critical gap, so we can ensure children in foster care not only survive, but thrive. With your gift you are helping to make the foster care experience better for our community's children. 100% of all funds raised through the Hearts of Hope: Building a Future Campaign directly support our services and programs. Together, we will be able to provide hope, experiences, and opportunities to our community's most vulnerable youth.

Our Heartfelt Thanks to our Founding Supporters

All contributions over \$500 to the campaign will be prominently acknowledged on the heartfelt gratitude wall, Voices' website and campaign materials. Additionally, naming opportunities are available for select spaces.

HEARTS OF HOPE

Building a Future Campaign

Since 2011, Voices for Children of Broward County ("Voices") has served as the primary non-profit partner to the 17th Circuit Guardian ad Litem Program. Voices works to ensure that every child victim of abuse, neglect, and abandonment in Broward County has a court-appointed volunteer Guardian ad Litem and that services are available for each child's accompanying health, educational, and social needs. Through our core programs, we provide advocacy, case management, age-appropriate referrals, and wrap-around services to foster care children so that they not only survive but thrive.

While we are proud of the strides made on behalf of the foster care children we serve thus far, we recognize there is still much to be done. In reflection on the number of children served in recent years, watching current case trends, the uptick of child abuse, and the immense future growth in our community, additional children entering the foster care system are inevitable.

To better address these needs, the **Hearts of Hope: Building a Future Campaign** efforts will focus on:

- Expanding physical capacity to increase services and support programs for foster care children
- Creating a space for growing partnerships and collaborations to provide higher quality programs and services for foster care children
- Updating technology needs to better serve more complex cases, improve data collection, provide quality assurance, and demonstrate the impact we have on our community's most vulnerable youth

We are overjoyed to share this next evolution and invite you to join us in the next phase of our journey to bring hope to foster care children.

We are asking for your help in three ways:

1. Become a founding member and create a legacy through our **Hearts of Hope: Building a Future Campaign***
2. Support our vision, offer any advice you might have, and share it with others
3. Assist with ongoing volunteer opportunities at our new center

**We will celebrate donors of \$500 and higher by naming opportunities on our heartfelt gratitude wall. Naming opportunities also available. Your gift will help make the foster care experience better for our community's children. Every gift, no matter how big or small, will be part of something life-changing. We can promise you that your investment will make a difference...we are counting on every little bit of support we can get. Please see the attached commitment form and make your gift today.*

Thank you for opening your heart and seeing the possibility of what we can accomplish together for our children.
